

# CRYPTO DIGGERS

## WHAT?

This tribe consists of individuals and companies that have taken advantage of the global cryptocurrency and bitcoin industry which has created crypto-millionaires and billionaires around the world as well as in Africa.

## WHERE?

In South Africa, tech entrepreneur Priven Reddy has created his own cryptocurrency, Krypteum. This AI-powered investment cryptocurrency is a world first, according to Reddy. Elisha Owusu Akyaw, a 16-year-old Ghanaian high school student, is the founder of Token Media. One of them is a 23-year-old Russian, Vitalik Buterin, who is the creator of Ethereum. The market value of the company has skyrocketed to almost \$30 billion. He also co-founded Bitcoin Magazine.
